Open House At Schools Is Set

April 24-28 is Public Schools Week and schools throughout Monterey, Seaside, Marina, Del Rey Oaks and Fort Ord will be opening their doors to parents and the public.

Activities will range from traditional evening open house visits with teachers to demonstrations of actual learning situations.

Elementary schools throughout the Monterey Peninsula Unified School District will hold open house the evening of Tuesday, April 25, generally between 7:30 and 9 p.m. Open house at junior schools in the district is scheduled for Wednesday, April 26, generally between 7 and 9 p.m. Open house at Seaside High will be held daily with guided tours beginning at 8, 9, 10 and 11 a.m. and at 12:30 and 1:30 p.m. Open house at Monterey High is scheduled for Thursday, April 27, during evening hours.

Parents who can't visit the schools during the evening open house periods are encouraged to go to schools during the day.

Fort Ord authorities ask that parents visiting schools on post use either the Second Avenue or Coe Avenue gates.

"Learning in Action" will be the theme at Fitch Junior High School, one of the schools going beyond traditional open house. Throughout the evening, students will be involved in band rehearsal, chorus rehearsal, metal and wood shop projects, a drama production, school newspaper production, arts and crafts projects, wrestling, tubling, modern dance, folk and square dance (with parent participation), science lab experiments and screening of student films.

Principal James Malone said the intent is to show parents the kinds of activities their children are involved in during a regular school day.

At Colton Junior High, the room visits will be supplemented by student demonstrations in the metal shop, two 15-minute plays (Chicken Little" and "Three Little Bears") done in Spanish, chorus performances and girls physical education demonstrations.

Several elementary schools are preparing special programs, also. At Ord Terrace School, a science and fine arts festival will be staged to coincide with the open house. At Del Monte School, there will be an instrumental music demonstration by the band and a PTA bake sale. The Larkin School PTA is sponsoring a book fair during the evening. Monte Vista School is holding a book fair, art fair and a math and science fair. At Marshall School, there will be a Little League game at 5 p.m., and a variety show starting at 7:30 p.m. Parents of Highland School children will be invited to eat lunch with students during the day.

Sign Up For Jobs

One hundred seven Seaside, Marina and Fort Ord students who registered in 1971 with Student Employment Service and met the Federal economic criteria for disadvantaged, failed to report to Student Employment Service to renew their application for 1972 summer employment. A follow-up card is being sent to each student urgently requesting them to report after school 3-4:30 Monday through Friday to Student Employment Service, 480 Webster Street, Monterey, if they are interested in being considered for summer employment at any one of the military agencies.

Population Group Will Meet Here

Zero Population Growth, which seeks to control social and economic problems by voluntary limitation of families to two children, will meet next Wednesday, April 26, at 7:30 p.m. in the Community Room of the Monterey Public Library.

The public is invited to hear Mrs. Leona Egeland, state lobbist for the California Federation of Z P G chapters, who will talk about population control issues before the 1972 legislature.

National headquarters of the rapidly growing non-profit organization have recently moved to Palo Alto.

Yearly dues of $15 entitle members to a subscription to ZPG National Reporter and to state bulletins which pinpoint ways of alleviating such problems as poverty, crowded schools and jails, pollution and waste disposal by political action and education.

Dues in the Monterey Peninsula chapter may be sent to Mrs. Hebard (Peggy) Olsen, treasurer, 2020 Lassen, Seaside.

Other officers are Oscar Biblarz of Monterey, Don Hays, Carmel, Mrs. Michael (Peggy) Johnson, Marina, Fran Miller, Pacific Grove and Mona Mehdy of Carmel Valley.

LOOKING OUT FOR OTHERS - Committee was formed recently of residents of Hannon Project area. Committee members are (standing from left) Mr. J. Payne; Mr. B. Miller, chairman; Mr. T. Cunningham; Mr. J. Mitchell; Mr. H. Hopkins; (seated from left) Mrs. M. Thomas; Mr. B Hernandez, vice-chairman; Mrs. Gist. Not shown: Mrs. B. Lucas.

Pre-School Program Will Be Expanded

Two new pre-school programs financed by special state funds will be started by the Monterey Peninsula Unified School District this month.

One of them will be located at Bay View School, in New Monterey, which may by designated as a "target school" eligible for special federal funding in 1973-74.

The second new pre-school center will be located at Highland School in Seaside, which already carries a "target school" designation.

Mrs. Charlie Knight, director of special programs for the school district, said the two new centers have been funded through the remainder of this year by a $10,500 appropriation under terms of Assembly Bill 1331, which established a pre-school program to serve children of families on welfare.

Each new class will serve 15 children, ages three to five. The district currently operates similar pre-school programs serving a total 60 children at Noche Buena School in Seaside and at Marina Del Mar School in Marina.

Mrs. Knight said the new programs are tentatively scheduled to begin on April 17. The date depends on the success of the district in hiring staff members of the new centers, she explained.

The centers will operate daily from 8:30 to 11:30 a.m., providing readiness training designed to prepare children for entry into kindergarten.

The selection of Bay View School for a pre-school program under AB 1331 is significant, Mrs. Knight said, in that it marks the first time the district has been allowed to establish such a center outside a "target" area. Target schools are schools qualified to receive supplemental federal funding and are largely based on concentrations of families dependent on welfare, she explained. The selection of Bay View reflects an increasing concentration of families on welfare living in the New Monterey area, Mrs. Knight said.

Accepts Appointment To Academy

Harold C. Manson, a senior at Monterey High School, has accepted a Presidential appointment to the U.S. Air Force Academy.

Manson is the son of U.S. Army Lieutenant Colonel and Mrs. Harold V. Manson, 430 Lewis Road, Presidio of Monterey. While at Monterey, he has served as class president, student body president and study body commissioner of men's athletics. Manson is a member of the Key Club, the California Scholarship Federation and the National Forensic League. He has lettered in wrestling.

He is scheduled to report to the Air Force Academy July 3 for six weeks' basic cadet training preceding the start of the academic year in August.

Upon completion of a four-year course of academic study and military training, he will be graduated in 1976 with a bachelor of science degree and will receive a regular commission as a second lieutenant in the Air Force.

His appointment is one of 100 Presidential competitive appointments authorized each year for sons of active, retired and reserve members of the armed forces.

More than 1,000 appointees who have met established eligibility criteria and have completed standard entrance examinations enter the Air Force Academy each year.

See A's For Half Price

Saturday, May 13, has been officially named KIDD-Monterey County Day by the Oakland A's.

That afternoon at 1:30 at the Oakland Coliseum, Monterey County residents who take advantage of a special two-for-one ticket offer will watch the A's battle the Boston Red Sox at half price. In addition each youngster in attendance will receive an official Oakland A's cap absolutely free.

That's right - half price. That's major league baseball at little league prices.

To take advantage of this special offer simply clip and mail the coupon found in the KIDD-Monterey County Day ad in this paper. The coupon must be postmarked no later than midnight, May 3.

The price of two first deck seats is just $4, second deck is $3 and third deck is just $2.50 for two.

Get a group together today. Family groups, employee organizations and clubs are more than welcome. You can order as many tickets as you want, but order in even numbers. To make sure your group tickets are together, order on one coupon.

Make check or money order payable to the Oakland A's and add 25¢ to the ticket price for postage and handling.

Camacho Resigns To Spend Time on Campaign

Democratic Congressional Candidate Julian Camacho has resigned his prsition as executive director of the Foundation and Research and Community Development and announced he was "pushing full steam ahead with his campaign to remove Congressman Burt Talcott from public office."

"Talcott has constantly against the best interest of the people in the 12th Congressional District," said Camacho, "and after 10 years on Capitol Hill, he must be replaced."

"My work with the foundation has been very rewarding and I have learned much about the social problems of our times," said the 35-year-old democrat in a statement to the Foundation's Board of Trustees. "However, my experience here has proven to me that the support necessary to insure vital community action programs is not being provided by our representatives in Washington."

"I believe I can be much more effective in helping deal with our common problems by providing an understanding and knowledge of them in Congress."

The FR & CD is a private, non profit charitable corporation which deals with the problems of poor and disadbantaged people relating to jobs, early childhood education, job-related training and judicial reform.

Camacho has been with the foundation since last August when the budget was $750,000 a year. He has developed many new important programs, bringing a total annuan budget to $1.2 million.

Camacho plans to spend more time meeting people at all levels to discuss and learn more about the problems in the 12th Congressional District. "It is going to take a mammoth effort to research the problems brought about by the vacuum of congressional leadership we now have in the district."

He stressed the need for overhauling our tax structure and spending reforms, the need for more jobs, cleaning up the environment, creating a national health security program, and other vital programs.

Scouts to Clean Up Fort Ord

"Scouting Keep America Beautiful Day," a massive effort of ten million Boy and Girl Schouts throughout the nation, will be the focus of all Ft. Ord Scouts on Saturday, April 29.

The combined education and action program is aimed at an immediately cleaner environment and litter prevention in the future.

Fort Ord Boy Schouts will spearhead the drive by cleaning up their respective neighborhoods on post and then they will meet at the Scout Camp and continue the project there.

All Girl Scouts and Cub Scouts will concentrate their efforts in the areas surrounding Hayes School.

"Scouting Keep America Beautiful Day" will be the highlight of year-long conservation projects the scouting organizations will conduct. The Boy Scout program is called "Project SOAR" (Save Our America Resources) and the Girl Scout project is named "Eco-Action."

OEO Election To Be Held

The OEO Family Planning Program, under the auspices of the Monterey County Board of Supervisors, will be conducting elections for participation of low income recipients of the program in establishing an advisory committee.

Locally, the election will be held April 19 from 7 until 9 p.m. at the Family Planning Clinic, 1123 Fremont Boulevard, Seaside.

The Family Planning Advisory Committee will be comprised of nine members with representatives from the Monterey County Welfare Department, Planned Parenthood of Monterey County and general hospital-social services, together with six low-income program recipient members. These will include one from Salinas, one from south county, two from north county and two from Monterey Peninsula.

Oliver Nelson To Appear At Competition

As a climax to the Second Annual California Honor High School Jazz Band Cpmpetition, scheduled for June 3rd at Monterey Peninsual College, Oliver Nelson and his big band will be featured in a special concert.

Winding up the all-day jazz band competition, the concert will also feature performances by the winning high school band and an all-star school band from Denver invited to perform as special guests. (The appearance of the all-star band is the result of a questionnaire circulated among musicians of Denver High School jazz bands asking where they would like to perform if they were selected for the all-star band. According to John Roberts, superintendent of music for the Denver School System and current president of the National Association of Jazz Educators, the vote was overwhelmingly in favor of the California Honor Jazz Band Competition.)

The competition is sponsored by the Monterey Jazz Festival and the winning high school band will be invited to perform at the Festival this September. Last year's outstanding band was from Ygnacio Valley High School in Contra Costa County. It performed during the Saturday afternoon concert of the 1971 Monterey Jazz Festival.

In addition to naming the winning high school band at the June 3rd event, a committee of judges will also select outstanding individual musicians who will comprise an all-star band which will also perform at the Monterey Jazz Festival. This band will receive an all-expense paid week in Monterey, where it will be rehearsed by various outstanding professional jazz artists.

Following the June 3rd all-day competition, free to the public and scheduled to be held in the Monterey Peninsula College theatre, the evening concert and award ceremony will be held in the College gymnasium at 8:15 p.m. The concert, too, is open to the public. Prices are $3 general admission; $1.50 for students.

Highway Taxes Are Distributed

State Controller Houston I. Flournoy has announced the distribution of $56,901,683 among the State, cities and counties as the March apportionment of highway users taxes.

Monterey County's share was $184,047. 26, and Seaside's share was $18,948.62. A total of $14,523,123 went directly to the counties; $10,889,646 to cities; and $31,488,914 for expenditures on State Highways.

The total apportionment was derived from the following cources: gasoline tax, $52,474,744; diesel fuel tax, $3,877,237; transfer from the Transportation Tax Fund, $548,332; and miscellaneous, $1,370.

Gasoline tax available for the March apportionment was $6,343,619 greater than the prior month, and the diesel fuel tax share was $127,197 higher. The $548,332 from the Transportation Tax Fund was the first amount transferred from that fund to the Highway Fund during fiscal 1971-72. Legislation effective in 1971 sends the first $20,000,000 of the Transportation Tax Fund to the School Fund.

Some people have believed that love is the all of life and have spent their whole life for it. But when one experiences the reality of human history and sees that men fights, shed tears, suffers and dies for the sake of love, one is chilled by the fact that love, which is supposed to make man happy, actually has brought man suffering and antagonism. A life in search of love has been often futile and unhappy and many people today have become skeptical about the realtiy of true love. They often have preferred to live alone than take the chance of mistaking their inner feelings falsely.

Man has deviated from his original value, status and way of life. In the natural world, it is obvious that minerals, plants and animals each have a unique value and purpose for existence. They exist, develop, grow and perfect themselves in accordance with their individual purpose under the natural law. Even though a man is in the position of president or is surrounded by wealth or is handsom and intelligent, his life is "lost" and is in vain if its meaning and purpose are lost. When mankind finds such a universally acceptable truth, it is possible for all humanity to hold this common idea and purpose, to unify and restore the order, to exhibit and contribute individual talents,

Scouts, Forest Service Renew Camp Agreement

Smokey the Bear and the Boy Scouts of America have joined forces to provide high-adventure outdoor camping experiences to thousands of boys across the United States.

The BSA and the United State Forest Service have revised and expanded a 1955 agreement to provide continued cooperation between the government agency and Scouting activities in the national forests, according to an announcement by Ward Krebs, section chairman in the Bay Area Scouts of America.

The agreement ensures continued cooperation between local units of both organizations through exchange and distribution of publications, training activities, counseling service to Scout officials and service by Forest Service officials as volunteer BSA leaders.

The Forest Service will encourage development of the Campways BSA tours and travel program and now makes available several hundred campsites to the BSA under this program.

and finally to realize the desired world of beauty, harmony and peace.

Unless man finds such truth, the desire for world peace is merely an idle dream. Someone must discover the clear image of a true life, the truth, even though he has to shed blood, sweat and tears more than saints and righteous men of the past. This is the only way left for man in this particular age in which he finds himself today. So, the purpose of man is to restore the lost happiness of the individual.

Since all mankind seeks happiness and delivery from sorrow and suffering, the mission of the restoration of happiness becomes the mission of each one of us.

Since man's life sometimes falls short of his expectations, he should as soon as practical, begin teaching his children about the mission or purpose of man. Since a child's mind is not as brilliant as an adult's, one can best teach his child through his own actions. If his own actions portray hs "purpose," the child can more readily conceive. Sometimes it is necessary to get to the bare facts with the child in order for him to fully understand the purpose.

An excellent example of this was in the stage production of "THE HAPPY TIME," currently at the Circle Theatre through May 13. The story centers around the growing up of Bibi Bonnard, a 12-year-old boy, surrounded by members of the family who could be considered "characters": Papa, (Michael Morse) is a good-humoured musician who finally had to tell Bibi, (Richard Andante) about the "birds and bees." Bibi had a couple of uncles: Uncle Desmonde (Milton Hayes), who is a traveling salesman that loves the sight and feel of women and Uncle Louis (James Goffard), who loves to drink his wine out of the water jug and never lets the thought of work interfere with his daily life. Between the three of them, Bibi learns a lot. He learned mostly from Uncle Desmonde, the traveling salesman, that life was a bundle of joy. His grandpa (Mason Wright) tried to teach Bibi that if you are being punished for something you did not do, it is best to admit you did it in order for the punishment to cease. But fortunately that was dispelled by the teachings of papa, who said nothing's better than the truth. THE HAPPY TIME is a heart-warming production that should be seen by everyone. Others playing interesting parts are, *Christien Rose (maman, pronounced mama)*; Florence Larsen (Aunt Felice, wife of Uncle Louis); John Sullivan (Dr. Gagnon); Carole Moreland, (Sally, the girl next door); Chuck Gruwell (Alfred, in love with Uncle Louis' daughter); Gene Abel (school principal, who falsely accused Bibi), and Linda Morse (Mignonette, the French maid, with whom Bibi and Uncle Desmonde were in love with.

If you have seen a delightful stage production recently, also see THE HAPPY TIME. You will enjoy it more. Especially Bibi. His young mind never thought that if you hide all the night gowns from someone, they would wear their bath robe. Nor did he visualize the consequences when it was discovered that he was the one who hid them.

For the patrons who were unable to get last minutes seats, I join the staff of the Circle Theater in advising you to make reservations in advance. And the person who was unable to attend, even though a seat was reserved in advance, you missed a wonderful "first nighter."

I mentioned before that when my boss, Andy Barragan is up and running again I will miss these wonderful productions. Well, I think I made a mistake. I think he and I will attend them together. Hurry up Andy, I need your company.

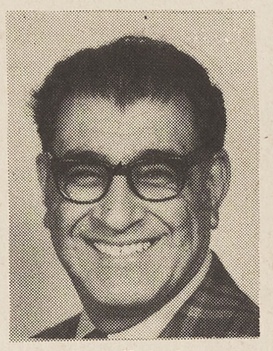
Mayor Haddad Reports



Louis Haddad

This message is written on the eve of my taking leave of the office which I have held for six years.

This column, thanks to the Post News-Sentinel staff, provides me the opportunity to express my sincerest appreciation to all of the people of Seaside who have allowed me this opportunity to serve.

My ten years in local government have been rewarding. I have made many friends and acquaintenances, some of whom I would not have even met except through this service.

Many things have been accomplished in the past ten years. And I'm grateful for the opportunity to play a small part in these accomplishments. No one man can claim credit for this progress. Many, many people have contributed untold hours of dedicated service to our community and it has been largely through their efforts that we stand on the threshold of peninsula equality. It has been through the efforts of a great number of Seaside citizens that pride in our city is part of our home life.

But equally deserving of accolades are the members of the various boards and commissions who serve the city with fierce dedication. Hours upon hours are spent by these public servants, and almost entirely without recognition. It is to them that the progress of our community is entrusted.

And last but not least are the city employees, whose layalty to our city goes unquestioned. During times of stress and need, they were always available to do their duty, and oftentimes under burdens which only they can express. That loyalty is better manifested by the fact that over the years when Seaside's meager income could scarcely sustain on-going programs, these people never wavered in their output. And for several years, at salaries much lower than comparable cities. Without complaint. I'm proud to have been a part of this team.

I have made many mistakes. And I suppose that I will continue to do so as life goes by. I recognize them at the time, and try to rectify them when it isn't too late. To those people who may have felt slighted or shunned when I erred, I'm sorry. To those who, in spite of recognition of my faults, continued to tolerate my service, I'm grateful.

And to all of the people of Seaside for your patience, God bless you.

Your Social Security

I was 65 years of age last March. When must I sign up for Medicare?

You should have filed an application for Social Security entitlement, which would have enrolled you for Medicare, no later than the last day of June last year. You may not now enroll for Medicare again until January, February or March of 1973 as you have missed your second enrollment period which ended March 31, 1972. In doing so, your Medicare coverage will become effective on July 1, 1973. You have three opportunities to enroll after age 65. For each year you wait, the premium is increased by 10%.

I recently moved and have already notified the Social Security Office of my new address for my monthly retirement benefit check. Do I also have to notify Medicare?

No. Since the retirement program and Medicare are both administered by the Social Security Administration, only one change of address notice is needed. Be sure to notify the Post Office.

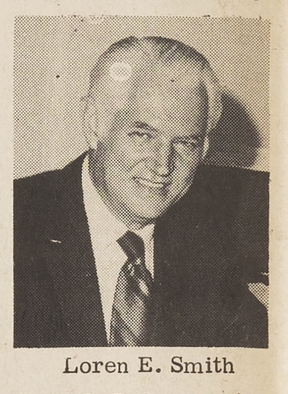
Your Supervisor Reports



Loren E. Smith

The O. E. O. reorganization which is now progressing if of great importance to all residents in Monterey County.

This new program is designed to bring the maximum benefit for every dollar spent to where it was intended - to assist our disadvantaged needy people. The determination of the members of the Monterey County Board of Supervisors to accomplish this purpose has been made very clear.

With the understanding and cooperation of all the people of good will working together a fine program can be formulated to bring help to our unfortunate people in a manner that will always maintain their dignity and rebuild their self-confidence.

Every effort is being made to have the new "Monterey County Economic Opportunity Commission" functioning as soon as possible, however, meeting the requirements of the Federal O. E. O. regulations have caused some unforeseen delays.

The "Administering Board" will be composed of fifteen members. Three from each of the five supervisorial districts. The three members from each district must represent the "poor" (one member), the private agencies such as Churches, Lodges, Service Clubs, etc., (one member), and public agancies such as City and County governments (one member). The "Administering Board" member representing the poor will be selected by a caucus of representatives of all organization of poor people in each District thru use of a "Town Hall" type of meeting.

Private agancies will use the same method of selecting their member to represent them on the "Administering Board." The Board of Supervisors will appoint the "Public Agency" member in each district and will make the appointments of the selected members representing the "poor" and the private agencies in each District.

Selecting members in the method set forth above is time consuming but is the most democratic way of insuring proper representation.

The Administering Board will devise and put into effort programs of assistance to the poor in Monterey County. This body will work under the authority of the Board of Supervisors and with advice and coordination of an Executive Director who we will appoint.

The lists of organizations representing the "poor" and agencies from the "private" sector will be available soon so that the selection process may begin.

I will continue to keep you informed on further developments.

How to get the most out of a dishwasher:

Hold dirty dishes in it until there's a full load, instead of frequent washing, and you'll save water, detergent and heat.

Sanitize baby bottles, dishes, pots and silverware in it, since it uses hotter water than your hands can stand (because it dries, too, there are no dirty dishtowels).

Let it clean pots and pans. New machines have a special cycle to remove heavy accumulations of grease and food.

Store dirty dishes in it—out of sight—instead of in your sink.

Use the "dry" or "warm" setting to warm dishes.

A dishwasher can also take over miscellaneous chores such as cleaning light fixtures and ashtrays.

Women who work outside the home in particular rely on a dishwasher to help keep house. The cost of about three cents a day to run one is a bargain. PG and E

In an emergency, the fastest way to get help is to dial the police, fire department, or doctor, yourself. That's why we've left blank spaces in the front of your phone book, where you can fill in these important numbers. Having them in a convenient place may come in very handy if you ever need them in a hurry. If for some reason you can't dial the number yourself, just dial Operator, who'll be glad to help.

The Invest-in-America Council reminds you: "Your savings and investments mean money at work. For a stronger economy, invest in America."

A phone left off the hook—either accidentally or on purpose—can keep you from getting an emergency call, an important message, or other calls you really wouldn't want to miss. Remember, your telephone is like a second door to your house. So keep this door open. Make sure your receiver is always properly placed in the cradle.

Army Private Thomas F. Murray, 19, son of Mrs. Kazue O. Murray of Seaside is assigned to Ft. Ord, where he is training under the Modern Volunteer Army Field Experiment.

The new concept, called VOLAR, combines basic and advanced individual training into a single 16-week program. Decentralized instruction at the unit level and a reduction of formations and inspections gives the soldier more time to train and increased off-duty time. Fewer restrictions on off-duty travel and improved living facilities are other benefits of the VOLAR concept.

Pvt. Murray began his training with Company C of the 2D Brigades 2D Battalion on March 3 and is scheduled to complete the first phase on April 28.

The private is a 1971 graduate of Monterey High School.

MISS MONTEREY COUNTY PAGEANT

When the crown is placed on the head of Miss Monterey County of 1972 at Exposition Hall on the Monterey Fairgrounds this Saturday, April 22, she will have been selected by a corps of judges who know almost everything there is to know about beauty and talent pageants.

Chief judge of the Miss Monterey County contest, who will be present for the two nights of preliminary judging as well as for the Saturday night finals, is Albert Trescony, once a Hollywood actor and now manager of the casting department of National Braodcasting Company.

Trescony's department supervises all NBC network programming. Prior to joining NBC, Trescony was first head of talent for Metro Goldwyn Mayer and the director of MGM's television casting and talent department. Ultimately he became administrator of all casting for the MGM Studio before he joined NBC.

Serving with Trescony at the Saturday finale of the Miss Monterey County pageant are Marcine Rounsville of Burbank, executive secretary of NBC's casting department; Karna Small of San Francisco, weather girl for KRON-TV; Dr. E. F. Raffanti of Santa Cruz, current president of the Miss California Pageant and a judge of local pageants for the past four years and Al Tosta of Santa Cruz, past president of the Miss California Pageant and current chairman of the judges' committee.

Judging at the Thursday and Friday night preliminary contests in Exposition Hall, in addition to Trescony, will be Thomas J. King of Salinas, owner of KTOM Radio and exective vice president of McCann-Erickson advertising agency of New York; Vicki Gallagher of Fort Ord, Miss Nevada of 1970; Pamela Gamble Rocchi, Miss Monterey County and Miss California of 1966 and Mario Mastrocola of San Jose, a judge of the Miss Tulare County pageant for the past eight years and senior sales manager for Quantas Airlines.

Tickets for the three nights of pageantry, April 20, 21 and 22, are now on sale throughout Monterey County. The county's Young Life groups are handling advance ticket sales on a commission basis, with their share of the proceeds earmarked for camp scholarships this summer.

All of the pageant's 23 contestants also have tickets, as do members of the executive committee. If all of Exposition hall's 750 seats are not sold in advance, there will be additional tickets on sale at the door on the night of the pageant.

Among the contestants are: Miss Sixteen of California, homcoming queen, snowball queen, contestant for "Miss Outstanding Teenager of America" and next Miss Monterey County?

Demetria Hunter, 19, of Seaside, says she would feel very proud to be the county's representative of the Miss California contest in Santa Cruz and official hostess for Monterey County fair this summer. Demetria graduated from Seaside High School in 1970 and is now a student in Monterey Peninsula College, where she is taking general required courses as she works toward her goal of becoming a dental hygienist. She currently is in the MPC Choir and has modeled in a couple of fashion shows there, but she is nowhere near as busy as she was in high school, where she admits "I had my foot in practically everything that was going on." She was head songleader, member of the school's fashion club, the student council and the inter-club council and an honor student. It was while she was at Seaside her instructors nominated her for the "Miss Outstanding Teenager of America" contest. She hopes to complete her college work at Cabrillo after another year at MPC. Her hobbies are singing, tennis and dancing. She will sing "Look of Love" as her talent number for the pageant. Demetria is a svelte five feet, six inches tall with measurements 35-1/2-23-37 Her eyes and skin are brown, her hair is black and she has a radiant dimpled smile with a touch of mischief in it.

Diane Sestich, 25, of Seaside, never meant to be an entrant in the Miss Monterey County Pageant. An artist who hopes to carve a career for herself in that field on the Monterey Peninsula, she came to talk to pageant officials about the possibility of making character sketches of contestants -- and went away a pageant entrant. Diane is the kind of girl to who things happen. She came to Seaside for a visit with her godparents and learned a career as an artist already had been mapped for her. All she had to do was accept it. It was strictly all right with Diane, who grew up in Monterey and once attended Monterey Peninsula College for a year. "I've been all over the United States since I left here," she says. The family moved to San Diego where her father was a commercial fisherman after he sold his wholesale fish business on the wharf. He is now deceased. She had dabbled in writing, with a children's fairy tale her most recent effort. Diane also has had extensive training in dance and once hoped to make a career of ballet dancing. Her mother, Jane Sestich Bunting, now lives in Santa Paula. Diane is five feet, seven inches tall and has measurements of 38-27-38. She has brown hair and eyes and an olive skin.

School counselors can be depended upon for helpful advice in many areas. Hartnell College has one who counseled Maria "Terry" Garcia right into the Miss Monterey County pageant. Terry says she had no thought of entering until that counselor urged her to try. Now she's glad she was pushed into it because she says she has "already met a lot of very nice people." Terry, 18, is the daughter of Mr. and Mrs. Frank Garcia of Marina---and the only contest entrant from Marina. She was graduated from Seaside High School in 1970 and is now at Hartnell where she is majoring in the field of nursing. She hopes to continue her education at San Jose State College where she wants to study pediatric nursing.

Winner of the Miss Monterey County pageant will receive a $500 scholarship and will represent the county in the Miss California pageant at Santa Cruz in late June. She also will be official hostess for the coming Monterey County Fair, Aug. 9 through 13.

TRY IT THIS WAY -- Pianist Roy Chamberlain gives word of advice to Demetria Hunter of Seaside (center) as she rehearses her talent number for coming Miss Monterey County Peageant to be held in Exposition Hall on Monterey County Fairgrounds on April 20, 21 and 22. Standing by with words of encouragement are two other Seaside entrants in the peageant, Diane Sestich (left) and Cynthia Joyce. See Mary Ellen's column for details.

Taxes Are Distributed

State Controller Houston I. Flournoy recently announced the distrixuhion of $5,613,737 to counties and cities as the March apportionment of cigarette tax.

Monterey County received $7,502.76, and Seaside got $7,540.09. The 58 counties' share was $1,056,306 and the cities' share totaled $4,557,431.

POOR OLD JOE'S BACK

What is the Christ?

Christ is the spirit of Truth and Love that Jesus taught and lived. It comes to each one of us when we are receptive to it.

No matter how far you may feel from the Christ, you can discover it for yourself. You can recognize its power to meet any situation.

You may learn how by coming to our study room and reading this week's Bible Lesson. It contains ideas that heal.

A LETTER OF APPRECIATION FROM YOUR COUNCILMAN

FROM THE DEPTHS OF MY HEART I THANK YOU, INDIVIDUALLY, AND COLLECTIVELY, FOR THE VOTE OF CONFIDENCE GIVEN ME ON APRIL 11, 1972. TO THE YOUNG PEOPLE, MANY VOTING FOR THE FIRST TIME, AND TO THE SENIOR CITIZENS WHO HAD DIFFICULTY GETTING TO AND FROM THE POLLS, A *VERY SPEDIAL* THANKS.

THANKS TO THOSE WHO COULD NOT VOTE BUT GAVE OF THEIR TIME AND RESOURCES TO HELP OUR CAMPAIGN.

I SHALL WORK HARD, AND WITH GOD'S HELP, PROVE WORTHY OF YOUR TRUST.

STEPHEN E. ROSS,
Councilman, Seaside

PARTICIPANTS - Mrs. Leroy Black (left), newest member of YWCA Board, and Mrs. Harold Parks actively took part in recent YWCA sale at MPVS Thrift Shop in Seaside. Group has also announced that next Armchair Travel-Lecture will be presented April 26 at 4 p.m. in Monterey Public Library. Free lecture will be about New Guinea.

Childbirth Films Will Be Shown

The Childbirth Education League of the Monterey Peninsula will present two films, "Childbirth for the Joy of It" and "Story of a Birth," free of charge at the Monterey Public Library tomorrow (Friday), at 8 p.m. The film showing is provided specifically for the interested public and illustrates what is called by some "natural childbirth" and by others "prepared or educated childbirth."

The Childbirth Education League sponsors prenatal classes concerned with this approach to childbirth. The League believes that the pain and discomfort attributed to childbirth are generally the result of fear and tension which in turn are the result of ignorance and misinformation.

The Black Press: Its Importance And Its Achievements

By Charles Aikens,

On the weekend of March 3-5, a Black Communications Conference was held at Howard University in Washington, D.C.

The agenda included discussions of the importance and the achievements of the Black press.

There were about 800 attendees, with over a hundred newspapers represented.

There are about 200 Black newspapers published in America, with a combined circulation of about four million weekly. The shift to a daily format by the Columbus Times brings to three the number of Black dailies in operation, according to Henry G. LaBrie III, a doctoral candidate conducting a survey from the University of Iowa campus.

He said that several potential Black dailies seem to be on the horizon but offered that only improved hiring practices on behalf of establishment press will help to cure the information disease suffered within Black America.

ESTABLISHMENT

LaBrie said that the establishment press does not have the sensitivity to and comprehension of the needs of Blacks, because it is other-directed and at this time physically and mentally unable to *report and analyze* news of specific interest to every culture within the country, much less to relate the effects of one on the other.

"It is unrealistic to expect the white establishment press to interpret the events of this country for the Black community," said LaBrie, "but it is realistic to expect the Black press to interpret the events of this country for the Black community."

CHANGE

At the conference, John Woodford, editor of "Muhammad Speaks," mentioned that the Black press (usually a weekly) should be about digesting and interpreting what happens in the dialy papers and exposing it, along with its antagonistic struggles.

Woodford said that many foundations and mediums are part of the monopolistic structure and play an important role in oppressing Blacks.

"Media does not create revolution," says Woodford, "but the problems of people and their way of life make for the taking of a revolutionary position."

Woodford said the recent attack on Black journalist Earl Caldwell to testify behind closed doors means that the democratic structure of the entire country is being threatened for both whites and Blacks with new constitutional laws being made.

When asked how he thought the Black press could play a part in liberating the oppressed Black people, Woodford said:

"It could help build the kind of unity where there is antagonistic struggle and expose what the media does to people. It could also help to expose our people to the struggle, by interpreting what is happening on a world-wide basis, like "Muhammad Speaks" has done for years."

NO HEAVEN

Journalist Lou Palmer, of the Chicago Daily news, told delegates that he had left the Black press to work for the white press because he felt "the Black press has somewhere lost its sense of mission and are among the most conservative papers around.

"Working in white media is no Heaven by any means," Palmer added, "unless a person has a strong sense of identity. The white press will run him out of his mind and make him a total wreck.

"It's essential that Blacks operate on the white media because it's the most important organization in the country."

When asked how a Black journalist could be effective on the white media, Palmer replied that he must become involved in the Black community and get to know and interact with Black people. "This is necessary because white editors know very little about what's happening in the *Black community," he* said.

OPINIONS

Another Black reporter said too many Black papers copy from white papers to fill themselves up, instead of using the Black reporter's unique experience to interpret affairs in a manner that relates to the Black community.

Christian Science reporter Lewis Obale said the Black and white press alike should keep leaders of both races honest and not be afraid to report on either the Black Panthers or the Ku Klux Klan.

NEEDS

Recommendations for the Black press included a Black news service which could be supplied with manpower from the National Newspaper Publishers Association (NNPA) and also financial backing.

Another recommendation was for wide dissemination of Black syndicated reporters with experience, to place critical issues in perspective for the Black community.

MAKE IT PLAIN

of Communications at Howard University, summed up the responsibility of the Black and white media, saying their role is to interpret accurately the Black lifestyle so that it will not be misconstrued with the psychopathic lifestyles of others.

TREATS

Ohio State University has developed a mustard ice cream, a sauerkraut sherbet, and bassicaceous beer ice cream, a mixture of horseradish and root beer blended and whipped into ice cream.
